

# Palacio del Sol

## Driving Instructions to Playa Potrero and Palacio del Sol

- For all clients leaving the San Jose region, follow the Autopista by the Airport (keeping in the San Ramon Lane), and continue on this road following signs saying Liberia. This is approximately a 4 ½ hour (191 miles/306 km) drive. There is a stop light in Liberia (yes, one of the only ones you will come to where you must come to a full stop) and you turn left following the road and continuing on past the airport.
- Follow the above directions out of San Jose but rather than continue to drive North to Liberia you can use the “Puente Amistad” which is the Friendship Bridge. Just south of Canas you will come to a large “Shell Gas Station” on your left. You would turn left here. Distance to the other side would be driving for approx. 50 minutes. You will then finally come to an intersection where you turn right heading to Nicoya. You will continue straight going through the flashing light – again heading to Belen where directions are indicated below. Drive time from Nicoya flashing light to Playa Potrero will be approximately 75 minutes.

For all clients leaving the Liberia airport, follow the road out of the airport to the main road and turn right. You will drive to a small town called Belen, (this time following signs heading towards Flamingo or Playa Grande, or Melia Conchal Hotel.) At Belen you turn right. All these signs lead you to our area (approximately a 45 minute drive).

### **To Playa Potrero**

You will now continue following this road for about another 30 mins. Until you come to a small town called “Huacas” (you will have just come down a very steep winding road). Do not blink or you will miss it!! Continue for about another km. and you will see signs (many signs) for Flamingo where you turn right. Continue on this road, following the natural turns staying on the concrete road and following it through a town called Brasilito where you will be going right and still following the paved road. Now you will have about 7km to go and you will come to a

“Y” in the road, (straight ahead you will see the water which continuing on the paved road takes you into Flamingo). At the “Y” turn right onto a dirt road and this road leads you into Potrero.

You will travel 1.5 km and see Surfside Supermarket and our offices – continue straight to the intersection where Club Bahia Potrero is, turn right and proceed to Perla’s. Turn left and follow this road until you come to Bahia Esmeralda. Turn left and go past the park – turn right and stay on this road keeping to the left. You will go about 3 km till you come to a Hotel project on your left (Macarela). To the right you will see a sign that reads Via Palacio and our sign. Turn right. Follow the road heading straight up and keeping to the left. When you come to a large home, painted yellow, you take this left and go around the mountain. Then you will come to the Guest House – or “Tree House.” You can park in the lower pad to the left.
